BACTERIOLOGICAL CHARACTERISTICS

Aerobic plate count	< 300 000 /g	Total coliforms	< 100 /g
Escherichia coli	< 10 /g	Yeasts	< 1 000 /g
Moulds	< 1 000 /g	Salmonella spp	not detected /25g

STORAGE - SHELF LIFE

Store in a dry and cool place. Keep away from light and humidity.
MDD = 18 months in the original packaging. Shelf-life after opening is not guaranteed.

PACKAGING AND LABELLING

Packaging:

Reference 8080103T :	Bag (polywoven included)	*Net weight* : 25 kg
Reference 8080103TA :	PE/OPA bags in a cardboard box	*Net weight* : 10 x 1 kg
Reference 8080103TB :	PE or PE/EVA bags in a cardboard box	*Net weight* : 2 x 5 kg
Reference 8080103TC :	PE or PE/EVA bag	*Net weight* : 10 kg

Or as per client request.

Packaging used to package all the products delivered follow the current European legislation and authorized for food contact, notably with regulation 1935/2004/CE, 10/2011/CE, 2023/2006/CE, 2007/19, decree n°2007/766, directive n° 94/62/CE and decree 2007/1467 and their modifications.

STATEMENT

The company certifies that the products delivered :

- are free from **genetically modified organisms** according to EU legislations n°1829/2003, n°1830/2003 and the modifications, concerning the labelling of foodstuffs and food products that contain additives and flavours genetically modified or made from genetically modified organisms.
- are not treated by **ionization** and are not obtained from ionized raw materials. These products are not concerned by EC directive 1999/2 of February 22nd; 1999 regarding labelling of ionized foodstuffs.
- meet following regulations:
  - **Regulation EU n°2023/915** and the modifications: establishing maximum contents of some contaminants in foodstuffs.
  - **Regulation EC 396/2005, 178/2006**, and the modifications : texts of reference about the maximum contents of pesticides residues in vegetal foodstuffs.
  - **Regulation EU 2018/848** and **2021/1165** and modifications, about organic products processing.

  A contaminant monitoring plan is established in accordance with the European regulations in force, according to the alerts and to our risk analysis.

Remark : The information contained in our technical sheets, meet the current regulation requirements and take into account a through and in-depth state of our research and development. It is recalled that our products are intended for Food use only, and to the exclusion of all other uses. The user is solely responsible of the usage of our products, not only for the user's own use, but all others concerned, as well as consumers. In the usage or preparation of our products, the user must respect and comply to the legislation in force, to which the user must verify personally, the existence and the adequacy of the utilization. The user can, by no means, seek responsibilities from our Company for the usage the user will make using our products, in any circumstances or consequences.
